

**RESOLUTION NO. 5805****A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LA HABRA, ORANGE COUNTY, CALIFORNIA AMENDING THE MASTER SCHEDULE OF FEES PERTAINING TO FEES FOR GENERAL SERVICES, ADMINISTRATIVE SERVICES, COMMUNITY DEVELOPMENT SERVICES, BUILDING SERVICES, COMMUNITY SERVICES, FIRE SERVICES, POLICE SERVICES, AMBULANCE SERVICES, PUBLIC WORKS SERVICES, UTILITY SERVICES AND PENALTIES FOR MUNICIPAL CODE AND VEHICLE PARKING VIOLATIONS**

WHEREAS, a cost allocation plan was developed in FY 2015-16 to determine the actual cost of providing various services to the public and to assist with recommendations for adjustments to such fees; and

WHEREAS, the City Council passed Resolution No. 5374 on April 4, 2016, amending the Master Schedule of Fees to be based upon this cost allocation plan; and

WHEREAS, the City may periodically adjust fees for services as allowed by state law and as necessary to recover up to the full amount of the cost of providing service and to account any increase or decrease in the cost of living per Section 4.08.010 of the La Habra Municipal Code; and

WHEREAS, the Consumer Price Index for the Los Angeles – Riverside – Orange County Metropolitan Area is regarded as an appropriate index upon which to base fee adjustments, and the City Council wishes to increase the fee rates contained in the Master Schedule of Fees by 1.89 percent, the actual annual change in the Consumer Price Index for this Metropolitan Area for calendar year 2016, rounded to the nearest whole dollar; and

WHEREAS, the proposed fee adjustments to the Master Schedule of Fees are not subject to the voter approval requirements provisions of Proposition 218;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LA HABRA DOES HEREBY AS FOLLOWS:

Section 1: The Master Schedule of Fees is hereby amended as per "Attachment A". The new and revised fees as set forth in "Exhibit A" are hereby approved and adopted by the City Council and shall become effective on July 1, 2017.

Section 2: The Master Schedule of Fees is further amended as per "Exhibit B" relating to building fees.

Section 3: Notwithstanding the provisions of Section 1, in accordance with the California Government Code, the following fees shall not become effective until sixty (60) days from the adoption of this resolution:

Section 3.00 Community Development Fees in its entirety  
Section 6.00 Public Works Fees, Sections 6.10 through 6.26 and  
Sections 6.61 through 6.71.

PASSED, APPROVED AND ADOPTED this 19<sup>th</sup> day of June, 2017.

  
Rose Espinoza, Mayor

----------------	---------	---------------	---------------	-----------------	----------------

The Director of Finance and the Director of Public Works shall jointly each year prior to September 1, compute the actual cost of water purchased or produced on an acre foot basis pursuant to the following formula:

1. Determine the price of water purchased and produced for the preceding fiscal year, by computing:
  - a. The cost of water purchased from Metropolitan Water District through Municipal Water District of Orange County.
  - b. The cost of water purchased from California Domestic company including commodity charges, stock assessments (on both owner and leased shares), water lease, expense over entitlement charges and all other costs.
  - c. The cost of ground water production including utility charges, depreciation on wells and equipment, financing costs, operational costs and all other costs of producing groundwater.
  - d. The sum of costs from items a,b and c divided by the total acre feet of water purchased and/or produced, to compute an average cost per acre foot of water.
2. The resultant cost of water, as determined above, as compared to a similar computation for the preceding fiscal year, before a commodity index.
3. The commodity index, as determined above, shall be applied to the commodity rate established in Section A, paragraph 3(a) (or as established by this formula for subsequent years) to establish a new commodity rate to become effective the next succeeding October 1.
4. The commodity index, as determined above, shall likewise be applied to the "water value" portion of the minimum monthly rate as established in Section A, paragraph 1 in the same manner, effective the next succeeding October 1.
5. Such rate modifications as may be calculated in 3 and 4 above shall be made to the nearest one cent (\$0.01).
6. The "Readiness to serve" portion of the minimum charge as established in Section 3 shall be modified effective each July 1st by a percentage equal to the percentage change in the Consumer Price Index the preceding May to the same period of the

prior year.

7. The City Manager shall file a report on the computations specified above with the City Council at a regular meeting prior to October 1st; the rates for water service thereby determined by said computations shall become effective on October 1st unless modified by the City Council.

8. The City Manager shall likewise concurrently file with the City Council a report including such other recommendations relative to recovering costs of service as he deems necessary. Said report shall include estimates of necessary adjustments in water rate schedules (as reported in paragraph 7 above) to achieve an excess of revenues over expenses equal to 8.7% of the City's equity in the Utility Authority (as established on the prior June 30th) and giving consideration to reinvestment in the water system equal to 2 1/2% of estimated total replacement cost. Said report shall likewise take into consideration interim adjustments made pursuant to Section 6.

**Notice of Price Increases:**

At such times as the City receives notice of price increases in the purchase of water (such as from MWD, MWDOD and/or Cal Domestic Water Company), the City Manager shall estimate the additional cost to the Utility Authority of such price increases and the necessary adjustment in the commodity rate charged by the Utility Authority to customers to recover such price increases and shall report such findings to the City Council at the earliest possible date. Such findings shall be effective in adjusting the commodity rate established by this fee schedule (and modified from time to time as required and/or authorized by this fee schedule) on the first day of the month following filing of such report with the City Council unless modified by the City Council.

A RESOLUTION OF THE BOARD OF SUPERVISORS OF COUNTY OF ORANGE, CALIFORNIA

March 10, 2015

WHEREAS, on March 22, 1994 this Board approved Resolution 94-300 establishing fees for encroachment on County property; and

WHEREAS, on March 30, 2010, this Board approved Ordinance 10-008 adopting the fee schedule for Building and Safety, Planning, Subdivision, and Grading; and

WHEREAS, the OC Public Works Department is proposing to update its Schedule of Fees for Development Services, including all fees categories included in Resolution 94-300 and Ordinance 10-008; and

WHEREAS, there are a number of services provided by OC Public Works in processing applications for the development of property in the County that are of primary benefit to the applicant; and

WHEREAS, pursuant to County policy the cost of these services should be borne primarily by the applicant receiving benefit from such services and so as to insure timely and effective processing of the applications; and

WHEREAS, OC Public Works can account for the actual costs of these services provided to the applicants; and

WHEREAS, Board of Supervisors has conducted a duly notice public hearing on November 25, 2014 to consider the proposed fee modifications.

NOW, THEREFORE, be it resolved that this Board does hereby:

1. Find that the adoption of the Resolution approving the proposed fee schedule is Statutorily Exempt from the provisions of CEQA pursuant to Section 15273(a)(1) and (a)(2) of the CEQA Guidelines as the establishment or modification of rates, fees, and charges which are for the purpose of meeting operating expenses, including employee wage rates and fringe benefits and purchasing or leasing supplies, equipment, or materials.
2. Find that these fees meet the requirements set forth in subdivision (e)(2), (e)(3), or (e)(5), as applicable, of Section 1 Article XIII C of the California Constitution, and are therefore exempt from the definition of a tax as used therein.
3. Find that the revenue resulting from the fees established pursuant to this resolution will not exceed the estimated reasonable costs to provide the services and that the costs of providing these services are reasonably allocated among the fees established hereby.

BE IT FURTHER RESOLVED that effective May 1, 2015 this Board hereby establishes the OC Public Works Development Services fees as shown in Exhibit 1, and hereby rescinds Resolution No. 94-300.

BE IT FURTHER RESOLVED that the OC Public Works Development Services fee schedule includes a fee category of time and materials. For time and material charges, applicants will be charged by the hour, or fraction thereof, for the classifications performing the services at the following rates, which include a 3.72 multiplier to the base salary for full cost recovery.

Therefore, it is the intention of this Board to adjust the flat fees set forth in Exhibit 1 toward full cost recovery in a manner that allows fee payers to adapt to the increased fees over time and, to that end, the fees adopted herein are hereby adjusted annually as of Resolution No. 15-017 Item No. 24  
OC Development Services Fees

A RESOLUTION OF THE BOARD OF SUPERVISORS OF COUNTY OF ORANGE, CALIFORNIA

March 10, 2015

July 1 of each year, by the lower of 3.5% or an amount equal to the Consumer Price Index for All Urban Consumers ((CPI-U); U.S. City Average: All items, not seasonally adjusted) as indicated in the April CPI-U of that year, provided that no fee shall increase to an amount which is higher than full cost recovery as set forth in the OC Public Works Development Services FY 2014-15 Fee Study submitted to this Board. This Board acknowledges that increased efficiencies, among other circumstances, may result in reductions in the costs of services provided. OC Public Works shall prepare annual fee studies in accordance with the policies of this Board and promptly return to this Board if any fee study indicates that costs have reduced to a level below the then current fee charged. Said annual fee studies will be the basis for determining if the annual fee increase exceeds full cost recovery.

BE IT FURTHER RESOLVED that efficient and effective delivery of development services by OC Public Works is highly dependent upon technology, specifically permit tracking and customer interface software. The software supporting the development services workflow was initially developed 15+ years ago and does not contain features consistent with current best practice customer self-service. To update this software system, \$3 million has been identified in the County 2014 Strategic Financial Plan. This Board finds that establishment of a technology surcharge of 3% on all permits and hourly charges are appropriate to fund this upgrade. This Board further finds that the technology surcharge will sunset after six years of implementation or after \$3 million has been raised by the surcharge, whichever happens sooner.

## **General Provisions**

### **Fee Schedule Authorization**

The Development Services Fee Schedule was approved by the Board of Supervisors on XXXXXX by adoption of Resolution 14-XXXXX. Resolution 14-XXX includes the approved hourly rates and provisions for annual fee increases.

### **Fee types**

The Development Services Fee Schedule includes three fee types: 1) flat fees; 2) valuation-based fees; and 3) time and material (T&M) charges based upon actual cost of staff or consultant time, including staff time associated with administering a contract. Hourly charges for T&M fees are based upon the hourly rates, including overhead multiplier, adopted by the Board of Supervisors.

### **Standard charges**

Applications and permits will be charged the following:

- Application charge of \$65 for all Right-of-Way Encroachment permits
- Issuance charge of \$25 for all Building & Safety permits
- Technology surcharge of 3% on all permits and hourly charges

### **Applicant/Responsible Party**

The "Applicant" is the individual or entity identified as financially responsible for the application and/or permit unless otherwise indicated on the application and/or permit. If the Applicant is not to be financially responsible, then the "Financially Responsible Party" must be identified at the time of payment or the first deposit. All Additional Deposit Request Notifications, refunds, permits, or other official documents and/or communications will be issued to the Financially Responsible Party. The individual or entity identified will be sent a notice that the individual or entity has been named as the Financially Responsible Party and will have 10 days to object or appeal fees and charges. In the event of a change of Financially Responsible Party on an application or permit, the newly identified Financially Responsible Party must appear in person or will be sent a notice that the individual or entity has been named as the Financially Responsible Party and will have 10 days to appeal.

### **Deposits**

For T&M charges, a deposit is required at the time that applications are submitted. If charges exceed the initial deposit, the Applicant and/or Financially Responsible Party will receive an Additional Deposit Request Notification asking that the Applicant and/or Financially Responsible Party deposit additional monies sufficient to complete the service required. Failure to comply with the request in a timely manner can result in suspension of activity on the application and/or permit. If a deposit balance remains at the completion of service, it will be returned to the Applicant and/or Financially Responsible Party within 60 days from the date the application has been approved or the permit has been closed.

### **Overtime**

For all time and materials charges, overtime shall be available upon the Director's authorization and Applicant and/or Financially Responsible Party approval only. Overtime, may also be requested by an Applicant and/or Financially Responsible Party to accelerate completion of an application which is Resolution No. 15-017 Item No. 24  
OC Development Services Fees

**ATTACHMENT B**  
**EXHIBIT 1**

subject to valuation fees. Overtime shall be calculated as 1.5 times the base hourly rate of the classification performing the services, plus a 3.72 multiplier.

Applicants and/or Financially Responsible Party with a project subject to a flat fee may request accelerated completion at a rate of two times the flat fee.

### **Review of Charges**

For T&M charges, an Applicant and/or Financially Responsible Party may request in writing a review of the County charges within 10 calendar days of either 1) receipt of the full accounting of the fees charged on a completed application or closed permit; or 2) upon receiving and complying with more than one request by the County for additional deposit monies on a single application or permit. The disputed charges must be paid in order for the appeal process to proceed. The charges will be refunded at the end of the appeal process if found to be in Applicant and/or Financially Responsible Party's favor. The Director of OC Public Works or designee (hereinafter "Hearing Officer") shall review the request within 10 working days of receiving the request. The Hearing Officer shall determine that the charges were or were not justified and may adjust the charges appropriately. The Hearing Officer shall notify the Applicant and/or Financially Responsible Party by mail and/or email the decision within three working days of making the final decision. The decision of the Hearing Officer is final.

### **Fee Waivers**

Fee waivers may be granted by the County Board of Supervisors pursuant to resolution. In addition, the Director of OC Public Works or designee may reduce or waive fees for a) emergencies related to natural or man-made disaster; and (b) for special circumstances related to a primary residence that has been determined to be uninhabitable and where the fee would cause extreme hardship. If the Director of OC Public Works reduces or waives fees, the Director must apprise the Board of Supervisors in writing ten (10) days in advance of the reduction or waiver and must include a description of the circumstances justifying the action.

### **Refund of Fees**

The Director of OC Public Works or designee may authorize refund of a fee which was erroneously paid or collected. 80% of a plan review fee may be refunded when no plan review has been performed. 80% of a valuation-based building permit fee may be refunded when no inspection work has been performed. All refunds require a written request filed by the original applicant not later than 180 days after the date of fee payment. Under no circumstances shall there be a refund of fees after the application or permit has expired.

### **Penalty fees for unpermitted work**

An applicant may be charged double the permit fee for work performed without a permit where such work involved any activity, including, but not limited to construction, grading, electrical, mechanical, or plumbing, that would have been required for safety, environmental, or other valid departmental purposes.

### **Interpretation of the Fee Schedule**

The Director of OC Public Works or designee shall determine the appropriate permit type for applications or permits not specifically listed in the Fee Schedule.

### **Valuation-Based Fee Calculation**

Valuation-based fees are calculated using the valuation tables which follow. Table 1 is Building Valuation Data (BVD) developed by the International Code Council (ICC) to calculate the valuation of the project. The BVD table provides the “average” construction costs per square foot, which can be used in determining permit fees for a jurisdiction. This data table is not intended to be used as an estimating guide because the data only reflects average costs and is not representative of specific construction.

**Valuation-Based Fee Calculation (continued)**

Once the project valuation has been determined based upon Table 1, valuation-based fees, such as the building permit, are determined by applying the project valuation to Table 2.

**Right-Of-Way Encroachment (inclusive of Flood Control District Property)**

An encroachment permit is required for all activity in the County right-of-way which may not later be accepted as a public improvement by the County. Examples of encroachments are installation of towers, plies, fences, street closures, or structures for private purposes. In addition, use of the right-of-way for a gathering such as a special event is an encroachment. An encroachment permit is not a property right; it authorizes the permittee to perform work and cannot be transferred.

## **Definitions**

### **Construction Types**

All buildings are classified according to their construction type. Type I is least combustible and Type V is most combustible. The more combustible a building is and the more hazardous the use is, the more the maximum allowable area is limited. All construction types and use groups are allowed to have increased areas by using sprinklers.

#### **Type I - (IA or IB)**

Typically these are concrete frame buildings made of noncombustible materials. All of the building elements (structural frame, bearing walls, floors and roofs) are fire resistance rated.

#### **Type II - (IIA or IIB)**

These buildings are constructed of noncombustible materials. Typically these are masonry bearing walls structures with steel studs for walls and steel bar joists for floor and roof structures. IIA has fire rated building elements (structural frame, bearing walls, floors and roofs). IIB is the most common construction type for commercial buildings because the building elements are not required to be fire resistance rated but still must be non-combustible.

#### **Type III - (IIIA or IIIB)**

Type III construction is that type of construction in which the exterior walls are of noncombustible materials and the interior building elements are of any material permitted by the code (combustible or non-combustible). This is typical of buildings with masonry bearing walls and wood roofs or floors.

#### **Type IV - (IVA or IVB)**

This is Heavy Timber construction which is not common in California except perhaps in some worship facilities.

#### **Type V - (VA or VB)**

Type V construction is typically wood frame construction. VA requires fire rated assemblies for all building elements (structural frame, bearing walls, floors and roofs); this is often seen in older construction that predates sprinklers but still not commonly used. VB is very common because it does not require any fire rating. VB is typically used for single family dwellings and garages.

## **Fee Groups for County Encroachment Permits**

### **Group I - Private, non-profit**

Can be a private individual, student, or group, using the County ROW or property for exclusive, personal, non-commercial use.

Types of activities include:

- private birthday parties
- family picnics
- dog shows
- model rocket or airplane events

No review is required outside of the County Encroachment Section.

### **Group II - Commercial, non-profit**

Commercial group using County ROW or property for exclusive non-commercial use or commercial group or private individual or group using County ROW or property to provide non-profit event in which no entrance fees are collected. Types of activities include mock medieval tournaments; company picnics; art festivals/shows; and religious celebrations. May require limited review outside of County Encroachment Section.

### **Group III - Commercial, substantial processing**

Commercial group, using County ROW or property for exclusive or public event in which entrance fees may be collected, or where product or services are sold, promoted or advertised, or permits which require extensive review and/or processing time, regardless of which group the permittee would normally be classified under. Types of activities include car shows; beach contests, races (run, walk, ride); radio station remote; parades (no road closure involved); political rallies; and fireworks displays.
